

TELL THE CITY OF WISCONSIN DELLS:

NO VAPOR BAN!

- Wisconsin Dells is considering prohibiting the use of vapor products everywhere smoking is banned— including parks and trails!
- This law will cause the public to falsely believe vapor is as hazardous as smoke and take away an incentive for current smokers to switch. Laws should not keep smokers smoking!
- Privately-owned vape shops will be prohibited from allowing adult customers to sample products in the store. This will cause shops to close and limit adult smokers' access to products!
